Medical Image De-Identification Workshop Day 1

May 22-23, 2023

Please mute your audio and turn off your video.

Put your questions in the chat.

Agenda and Recording

- You can find the agenda and follow the links to find out more about our speakers at https://events.cancer.gov/nci/midi-workshop/agenda

- The recording and presentations will be shared at the event website: https://events.cancer.gov/nci/midi-workshop

Welcome and Opening Comments

Dr. Keyvan Farahani

Session 1

Report of the MIDI Task Group - Best Practices and Recommendations

Dr. David Clunie

Session 2

Tools for Conventional Approaches to De-Identification

Session 2: Tools for Conventional Approaches to De-Identification

- Chairperson: Dr. Fred Prior

- Dr. Fred Prior , "Setting the Stage"

- Michael Rutherford, "Standardizing Zero-Tolerance De-identification"

- Dr. Stephen Moore, "XNAT Platform: Image De-identification"

Break

11:50-12:00 p.m.

Session 3

International Approaches to De-Identification

Session 3: International Approaches to De-Identification

- Chairperson: Dr. William Parker

- Haridimos Kondylakis, "Data Infrastructures for AI in Medical Imaging: A report on the experiences of five EU projects"

- Christian Ludwigs

Session 4

Industry Panel on Image De-Identification

Session 4: Industry Panel on Image De-Identification

- Chairperson: Dr. Juergen Klenk, "Introductory Remarks to the Industry Panel"

- Bob Lou, "Medical imaging de-identification on both images and text using AI models"

- Lawrence (Tony) O'Sullivan, "Optimizing and Automating Radiology Data De-identification Workflows"

- Dan Marcus, "The Flywheel Platform for Intelligent Image Anonymization"

- Jiri Dobes, "Automated Medical Data De-Identification and Obfuscation"

- Abraham Gutman, "Advances in Medical Imaging De-Identification and the Impact of Regulatory Constraints"

Closing Remarks

Dr. David Clunie

Recording
