

Use of FTP Services on EVS Servers

Downloads of EVS terminology files have grown to an average of over 100,000 each month.

Jan 2013 - Mar 2020

Downloads Through HTTP Access to EVS FTP Site

EVS provides an HTTP interface to the FTP site allowing users to download files directly from the web, without the need for using an FTP client, at <http://evs.nci.nih.gov/ftp1/>.

In June 2014 EVS began publishing disjoint branches of the NCI Thesaurus, allowing NCI users to select their domain of interest rather than downloading the entire vocabulary.

Number of ftp files downloaded via HTTP, by top-level folder, for January 2014 - December 2017

Downloads Through FTP site directly

Some users download files using an FTP client directly from the FTP site at <ftp://ftp1.nci.nih.gov/pub/cacore/EVS/>. These numbers are recorded separately and are presented below.
