

Uploading and Linking to an Attachment

To upload an attachment to a wiki page

1. Navigate to and open the page to which you want to add an attachment.
2. Upload the file as described in the following Atlassian help page:
<https://confluence.atlassian.com/conf613/upload-files-964960695.html>
3. To return to the contents of the page, click **View Page**.

To insert a link pointing to an attachment

1. Navigate to and open the page in which you want to add a link.
2. In the page you want to change, click **Edit**.
3. Click the link icon. The Insert link dialog box appears.
4. Select **Files** and select the attachment.
5. Click **Insert**. A link appears, with the filename as the link text, as shown in the following example: [Example_document_508_compliant.doc](#).
6. To display the link as a thumbnail, click the link and select **Show as thumbnail**. The thumbnail replaces the link text, and it is still a link, as shown in the following example:
