Wiki Space Home Page Example

To duplicate this page: Click the Tools (...) icon above the page title, on the right side of the page. Click **View Source** and copy the Confluence markup for this page.

About the topic

Introduce the topic of the space with the most important content for the audience. Use columns if you also have quick links.

Quick Links

Include convenience links if applicable, for example:

- JIRA Project
- NCIP website page
- Feedback
- Support
- Contact

Other topic

Include sections for other important topics as applicable to your wiki space. Add a child page below the wiki home page to "gather" the pages on all the topics in your space that have multiple pages. The page hierarchy is displayed in the left side bar. Use the left side bar to open the child pages of this page. In some wiki spaces, each page also lists all child pages at the bottom of the page.

Announcements

Use the Recently Updated macro to provide a list of the most recently updated pages or blog posts. For instructions, refer to the following Atlassian Confluence 7.3 help page:
