

Images and Graphics

Key Point for Accessibility

You must include **alt text** for every image posted on the wiki. **In addition, describe the important aspects of the image in the text.**

This page family includes the following:

- [Inserting an Image](#)
- [Changing the Display Size of an Image](#)
- [Adding Alt Text to an Image](#)
- [Linking from an Image to Another Page](#)
- [Gliffy Diagram Demonstration](#)

To edit the filename of an image already on the page, you can use the Source Editor, as described in [Editing a Page](#).
