

Creating New NCI CTRP User Accounts

An account is required to access CTRP and can be requested from the CTRP Login page. A CTRP account not only grants access to CTRP, but also identifies a users Organization Affiliation, Site Administrator access, Trial Owner status, and Accrual submission status.

 New users must provide a valid organizational email address to create an account. CTRP accounts will not be created with personal email accounts (i.e., gmail/yahoo, etc accounts).
