Wiki Tips and Guidelines

The goal of the NCI Wiki is to allow users to collaborate on developing documents and information. Users are responsible for the accuracy of the information posted and for verification of information that they use. You can **contribute** content if you have an **account** (to request one, click the **New Account** link at the top of the page). For details, refer to Tips for Authors and Editors.

Follow the links for the tips that interest you. For general information, visit About Confluence and Using a Wiki. If you log in, you are welcome to add a comment to request a tip on a particular topic; the NCI Wiki team will respond.
