Summary of requirement pre-interview, by Reviewer:	<p>Use Case 1: Information Modeler needs more caBIG VCDE approved terminologies available to annotate his model through the SIW. It will increase the quality, scope, and flexibility of the SIW and the interoperability of the model.</p> <p>Use Case 2: Terminology curator wants all caBIG approved terminologies available through the SIW. It will increase the visibility and usage of approved terminologies and decrease concept duplication between terminologies.</p>
