

Policy and Governance Working Group

Introduction

The Policy and Governance working group is made up of representatives from the NRDS committee and additional subject matter experts nominated by NRDS Committee members. It is co-led by a NCI and NCTN/ETCTN representative. The purpose of the Policy and Governance working group is to identify requirements to guide decisions and usage and establish principles, responsibilities, and requirements for development, maintenance and implementation of the standardized CDEs by NCTN and ETCTN. This group will meet every 2 weeks.

Working Group Members

*NCI/NCTN/ETCTN Co-Lead

Organization	Representative	Email
Alliance	Kristina Laumann	Laumann.Kristina@mayo.edu
Alliance	Shauna Hillman	Hillman.Shauna@mayo.edu
