

March 18: Dr. Lynne Penberthy, SEER Registries, Enhancing the Mission to Support Cancer Research

SYNOPSIS:

This presentation will cover current status of the [SEER program](#) and review opportunities for use of the data in support of cancer research as it currently exists. It will identify and discuss challenges in more comprehensive data collection and how these are being addressed through new initiatives that will enhance the capacity of the registries to support research in a contemporary research setting.

BIO:

Dr. Lynne Penberthy is the Associate Director for the Surveillance Research Program within NCI's Division of Cancer Control and Population Sciences. Dr. Penberthy obtained her M.D. from the University of Michigan and her M.P.H. in epidemiology at Johns Hopkins University. Dr. Penberthy's career includes a surgical internship in Baltimore, Maryland, at the Sinai Hospital and a preventive medicine residency at Johns Hopkins. After her residency, she completed her post-doctoral training in epidemiology with the Centers for Disease Control (CDC) as an epidemic intelligence service (EIS) officer with the Commonwealth of Virginia. She is licensed to practice medicine in the state of

Maryland.

Prior to her NCI appointment, Dr. Penberthy was the Director of Cancer Research Informatics and Services and Associate Professor of General Internal Medicine at the Virginia Commonwealth University Massey Cancer Center.

SUMMARY:

Topic: SEER Registries, Enhancing the Mission to Support Cancer Research

Speaker: Lynne Penberthy, M.D.

Date: Wednesday, March 18, 2015

Time: 11 AM – 12 PM ET

You are invited to listen to Dr. Penberthy's presentation in Room 2W910-912 in the NCI Shady Grove Building on Medical Center Drive or via WebEx.

Presentation: A screen cast of the presentation will be available for viewing after the event on the [NCI CBIIT Speaker Series YouTube Playlist](#) 

About the NCI CBIIT Speaker Series:

The National Cancer Institute (NCI) Center for Biomedical Informatics and Information Technology (CBIIT) Speaker Series is a bi-weekly knowledge-sharing forum featuring both internal and external speakers on topics of interest to the biomedical informatics and research communities. For additional information, including past speaker series presentations, visit the [CBIIT Speaker Series page](#).

Individuals with disabilities who need reasonable accommodation to participate in this program should contact the Office of Space and Facilities Management (OSFM) at 240-276-5900 or the Federal TTY Relay number 1-800-877-8339.
