# October 28: Martin Fenner, Data-Level Metrics

## SYNOPSIS:

The DataONE repository network, California Digital Library and Public Library of Science (PLOS) from October 2014–October 2015, works on a National Science Foundation-funded project to explore metrics — including citations, downloads and social media — for about 150,000 datasets. This presentation will summarize the major hurdles to make this work, the most important findings, and some ideas to go forward, including implementation as a production service.

Session details...

#### BIO:

Martin Fenner has been the DataCite Technical Director since August 2015. From 2012 to 2105 he was technical lead for the PLOS Article-Level Metrics project. Dr. Fenner has a medical degree from the Free University of Berlin and is a Board-certified medical oncologist.

### SUMMARY:

Topic: Data-Level Metrics

Speaker: Martin Fenner, M.D.

Date: Wednesday, October 28, 2015

Time: 11 AM - 12 PM ET

You are invited to listen to Dr. Fenner's presentation in Room 2W910-912 in the NCI Shady Grove Building on Medical Center Drive or via WebEx.

Presentation: View Dr. Fenner's presentation slides. A screen cast of the presentation will be available for viewing after the event on the NCI CBIT Speaker Series YouTube Playlist 🗗

#### About the NCI CBIIT Speaker Series:

The National Cancer Institute (NCI) Center for Biomedical Informatics and Information Technology (CBIIT) Speaker Series is a bi-weekly knowledge-sharing forum featuring both internal and external speakers on topics of interest to the biomedical informatics and research communities. For additional information, including past speaker series presentations, visit the CBIIT Speaker Series page.

Individuals with disabilities who need reasonable accommodation to participate in this program should contact the Office of Space and Facilities Management (OSFM) at 240-276-5900 or the Federal TTY Relay number 1-800-877-8339.
