

Working with Complete Trial Accruals

This page tree describes how to search for, add, update, and delete study subjects associated with *Complete* clinical trials.

For information about *Abbreviated* trials, refer to [Working with Abbreviated Trials](#).

When working with study subject records, use either ICD-9, ICD-O-3, ICD-10, or SDC code terminology, regardless of your submission method (via the web application or batch upload); do not use different codes for the same record.
