Accrual Data Elements for Complete Trials

This section contains detailed information on each of the data elements included in the Batch Upload file.

> ⓘ **Use of CDUS Values**
>
> Although you can use CDUS values, they are being phased out in the CTRP. It is best, therefore, to use the CTRP values listed in the table below.

> ⚠ When you create a batch file, ensure that each data element conforms to the requirements.
>
> - List each data element in its appropriate position in a given row
> - Use the correct character cases (CAPITAL vs. lower case letters)
> - Use the correct character lengths (number of characters allowed in a single field)
> - If a comma is part of the value, enclose the field in double quotes. Otherwise the use of double quotes is optional.
