

HPC Research Computing and Data Analysis

Intro

We provide data services to support the transfer and sharing data (assurance?) of information internally and externally and archive of research data.

Our Service Includes

Consultation on Research Data Resources

We discuss your needs with you and offer guidance on the electronic resources available to:

- Move and share data internally and externally
- Archive data for long-term data retention

FAQ

How Much Does It Cost?

There is **no cost to you** for this service.

How Does It Work? What Do I Need to Do?
