Agenda

Status Update • Status of docker server configuration (Jacob) • Status of Jenkins/Docker configuration/setup (Wei, Phil)	Discussion Points: • Server is configured for Jenkins and Docker to run the test.sh script. • Mayo team has access to it. ◦ https://nci-jenkins.nci.nih.gov/jenkins/login?from=%2Fjenkins%2F ▪ Cory, Scott, and Craig have access to this Jenkins project ◦ Use NCI credentials. Decision Points: • The test.sh is running but indicates it is failing. • We will review what the error message and fix.
