

Editing Outcome Measures - Include 20170407

You can modify existing outcome measure records during abstraction.

How to Edit Outcome Measures

1. Search for the trial of interest. For instructions, refer to [Searching for Trials in PA](#).
2. In the search results, click the NCI Trial Identifier link for that trial. The Trial Identification page appears.
3. On the **Trial Identification** page, check out the trial. For instructions, refer to [Checking In and Checking Out Trials](#). (This checkout step is optional for Super Abstractors.)
4. On the **Scientific Data** menu, under **Interventional Trial Design** or **Non-interventional Trial Design**, click **Outcome Measures**. The Outcome Measures page displays one or more outcome measure records.
5. In the **Edit** column for the record you want to modify, click the **Edit** (pencil) icon. The Add/Edit Outcome Measures page appears.
6. Modify the information, and then click **Save**.
