

# Reordering Interventions - Include v4.4

You can change the order in which the interventions are displayed in the interventions table and in the TSR/XML documents.

## How to Re-Order Intervention Criteria

1. Search for the trial of interest. For instructions, refer to [Searching for Trials in PA](#).
2. In the search results, click the NCI Trial Identifier link for that trial. The Trial Identification page appears.
3. On the **Trial Identification** page, check out the trial. For instructions, refer to [Checking In and Checking Out Trials](#). (This checkout step is optional for Super Abstractors.)
4. On the **Scientific Data** menu, click **Interventions**. The Interventions page appears, displaying all other interventions currently abstracted.
