

Generating the CTRP Biomarkers Report - Include 20171002

You must have a username and password to use the web application. Additionally, you must have special permission to run the reports. For assistance, contact us at ctrp_support@nih.gov.

1. Visit <https://strap.trials.nci.nih.gov/login>. The login page appears. Specify your user name (email address) and password. Click **Sign In**. Follow the prompts to complete 2-step verification. The home page appears. Click **Automated Reports**. The Report Settings dialog box appears for the CTRP Data Table 4 report.
2. Click **Cancel**. From the list of reports, select **CTRP Biomarkers**. The Report Settings dialog box appears.
3. Consider whether to specify trial attribute criteria for the report:
 - To list all trials by biomarker: Leave all fields blank.
 - To limit the report to trials with a particular biomarker: In the **Biomarker Name** field, enter the biomarker name.
 - To limit the report to trials with a particular intervention: In the **Intervention Name** field, enter the intervention name.
 - To limit the report to trials with a particular disease site: From the **Disease Site** drop-down list, select the disease site.
 - To limit the report to trials with a particular organization as the lead organization: From the **Lead Organization** drop-down list, select the organization.
4. Click **Submit**. For information about the columns included in the report, refer to [Data Elements Included in the CTRP Biomarkers Report](#).

To return to the Report Settings dialog box, click **Report Settings**. For additional instructions, refer to [Working with CTRP Automated Reports](#).
