- Microsoft Excel (.xls, .xlsx, .xlsm, or .xlsb).
- WordPerfect.

To ensure successful registration, upload a Protocol document and an IRB Approval document. If the Protocol document does not include the Informed Consent and/or participating sites, upload the Informed Consent document and a list of participating sites separately.

To ensure successful registration of multi-center trials, upload a list of participating sites that includes contact information in addition to the files described above.

You can use the [Participating Sites template](#) to submit your list of participating sites.
