the data of cells have some wrong	we find 97Region 5key.xml is wrong. the file only have the point of IDCbut from the 97region 5mask.tifwe find this file have many kinds . I am very sorry iceli	Closed	14-November-2018	16-November-2018
cant submit	There is An unexpected error occurred when I submit my result. The error log is There was an error retrieving file stderr.txt. Please try again later or report the issue.	Closed	14-November-2018	26-November-2018
the leaderboard is not showing our results	We have uploaded the results. But the leaderboard is not showing our results. We do not know what the issue is with our submission.	Closed	18-November-2018	19-November-2018
submit error	hi when I submit my score I meet a question. I make a .csv file and zip it named cnSNResults.zip. But when I submit it show me There was an error retrieving file stdout.txt. Please try again later or report the issue. addition I have another question that whats meaning for test of training which dataset should be used to make a submit score in this phasebefore 12.1 train or val Thank you very much	Closed	19-November-2018	26-November-2018
An unexpected error occured upon submitting results	Hello I tried to upload my training results. I created a csv file as suggested with the content slideridy 9986110.4503868520259857 9986120.5383685231208801 9986130.6411119699478149 9986140.21792510151863098 9986150.24063394963741302 ... I named it max0rResults.csv zipped it and uploaded it. However the error log reports There was an error retrieving file stderr.txt. Please try again later or report the issue. Can you please provide help	Closed	20-November-2018	26-November-2018
Results Submission	Hi everyone I asked a couple of days ago about an error while uploading my results on the training set. Any updates on this Kind regards Max Laves from Hanover Germany	Closed	22-November-2018	26-November-2018
the same post in the forums	Im sorry for sending lots of identical posts in the forums. Cloud you please delete these posts I really dont know whats happening. After submitting the post i just got into a python thread error page. sorry for bothering you..	Closed	23-November-2018	24-November-2018

Submit to Validation	Hi I was trying to submit my results on the validation set and got the error Traceback most recent call last File tmpcodalabtmpn5sfNwrunprogramevaluate.py line 340 in main File tmpcodalabtmpn5sfNwrunprogramevaluate.py line 243 in main with opengroundtruthcsv r as f IOError Errno 2 No such file or directory tmpcodalabtmpn5sfNwruninputrefgroundtruthcase.csv Best regards Max	Closed	28-November-2018	28-November-2018
some wrong of submit the result	when I submit the result of train and validation the There was an error retrieving file stdout.txt. Please try again later or report the issue. has be showed	Closed	29-November-2018	26-November-2018
