

# LexEVS Meeting Minutes - 2019.07.10

## Attendees

| Name                | Role        | Present |
|---------------------|-------------|---------|
| Remennik, Lyubov    | NIH/NCI     | x       |
| De Coronado, Sherri | NIH/NCI     | x       |
| Safran, Tracy       | NIH/NCI [C] | x       |
| Ong, Kim L          | IS          | x       |
| Lucas, Jason R      | IS          | x       |
| Bauer, Scott        | Mayo        | x       |
| Stancl, Craig       | Mayo        | x       |
| Endle, Cory         | Mayo        |         |
| Kuntipuram, Kumar   | NIH/NCI [C] |         |
| Solie, Chuck        | NIH/NCI [C] | x       |
| Trikha, Akhilesh    | NIH/NCI [C] |         |
| Trong, Tracy        | NIH/NCI [C] |         |
| Kondareddy, Swathi  | NIH/NCI [C] | x       |
| Yang, Chen          | NIH/NCI [C] | x       |
| Johnson, Connie     | NIH/NCI [C] |         |

## Agenda

### EVS Discussion

|         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
|---------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Systems | <p>Discussion Points:</p> <ul style="list-style-type: none"><li>Recap of 07/09/19 meeting</li></ul> <p>Putting in a ticket for a new Dev tier VM to test to see if performance is sufficient.</p> <p>The tickets will be for VM with the following specs:</p> <p>8 processing cores</p> <p>32 GB Memory</p> <p>200 GB Storage with additional 10 GB tmp directory</p> <p>The VM will host LexEVS, CTS2, URI Resolver and Term and Metathesaurus Browser</p> <p>The ticket will just be for the VM, we will work on creation of containers and applications after the VM is in place.</p> <p>There will be nightly backups of the VM if we ever need to do a restore but it will take a little time.</p> <p>Discussion Points:</p> <p>Lyuba asked what kind of performance requirements we should have.</p> <p>Tracy mentioned that Yahia would be getting the Dev db to QA</p> |
