

CTRP Service Error Codes

The following is a list of error codes returned by the CTRP Services.

Code	Description
PA_GENERAL	Unknown or unspecified error code
PA_SYS_001	A unrecoverable system error has occurred.
PA_USER_001	The user is not an authorized CTRP user
PA_USER_002	The user is not an owner of the study protocol
PA_DATA_001	The NCI trial ID provided is invalid
PA_DATA_002	The study protocol has not been abstracted and verified (i.e., it is not in the "Abstraction Verified Response" or "Abstraction Verified No Response" status), so the XML file cannot be generated.
PA_XML_001	The generation of the XML file failed
