Important Remaining Issues

The following are tracker numbers and descriptions of unresolved issues.

Feature	Symptom	Workaround	Jira Tracker Number
Change Management	Select CS Latest Version does not change CSI latest version flag.	Versioning a CS will ignore CSI Latest Version Indicator and Version Number. When a new CS Version is created and users selects to copy CSI hierarchy, then the new CSI Version will match the CS and the CSI will be set to Latest Version. However, this can get out of sync when the CSI is moved.	DSRMWS-1561

Known Issues Found in Sprint 1.34.1.0 Testing to be Fixed in Sprint 35
