

# Protocol Search Results

Once you submit a search for a protocol, search results show pertinent protocol information defined when creating a protocol.

The following table lists and describes each column of the search results.

Protocol Search Results Columns	Description
Action	<p>Click <b>View</b> in the first column to display the protocol in a PDF file.</p> <div><div> <b>Note:</b></div><div><b>Edit</b> is only available for people that have an account and are logged into the system and are associated with the protocol.</div></div> <p>Click <b>+ Add to Favorites</b> to add a bookmark for the protocol on your <b>My Favorites</b> tab. <i>Added to Favorites</i> appears in the column when the protocol is successfully added.</p>
Protocol Type	<p>Enter or select from the drop-down list the protocol type (required).</p> <div><div></div>Unknown macro: 'hide'</div>
Protocol Name	Enter or select from the drop-down list the protocol name.
Protocol Abbreviation	Enter a shortened phrase used in place of the protocol name.
Protocol Version	Enter or select from the drop-down list the protocol version number.
Protocol File	<p>The <b>Title</b> and <b>Description</b> of the protocol are listed. Click <b>View</b> to download the protocol file.</p> <p>The column is empty when there is no protocol file associated with the Protocol.</p>
Created Date	Indicates the date on which the protocol was added.
