

# Creating a Publication

Create Publication allows you to identify a publication and associate it with one or more samples.

To create a sample publication

- Choose a method of initiating the process:
  - To create a publication (and optionally add it to multiple samples): Click **Publications**. The Manage Publications page appears. Click **Create a New Publication**. The Create Publication page appears. Select a publication type.
  - To add a publication to one sample: Search for the sample. In the search results, click **Edit**. In the Navigation Tree, click **Publication**. Next to the appropriate publication type, click **Add**. The Edit (sample name) Publication page appears.
