

2023-12-20 Meeting notes

Date

10 May 2023

Attendees

- [Safran, Tracy \(NIH/NCI\) \[C\]](#)

Goals

Discussion items

Time	Item	Who	Notes
	NCItBrowser		<ul style="list-style-type: none">• Migration to Java 17<ul style="list-style-type: none">◦ Tomcat update required?◦ Browser impact? Would like to work on NCI Terms Browser◦ xerces and other XML libraries now incorporated into Java17. Need to remove duplicates◦ JPA structures might be impacted• Spring 6 is part of Java 17 migration• Evaluating lucene and need to update <p>Who owns the Terms Browser at this point?</p> <ul style="list-style-type: none">• Two parties on same code base• Contractual requirements constraining responsibilities? Per Mark it is OK<input type="checkbox"/> Mark will talk to Lori, with warning from Jason
	ehcache deployment		<ul style="list-style-type: none">• Changes we have made included making more objects, but the volume should not have changed• Caches should be saved for 600 seconds• Unclear if it is resource bound - whether it is possible to build a big enough server• Would be good to do profiling under load - on a lower server.• Also having issues with lack of database connections - increasing max connections might help?
	Production NCI Terms		<ul style="list-style-type: none">• Massive queries - bot related• Attempt being made at CIT level to block - more local blocking unsuccessful• Lucene errors seen on Mappings queries<ul style="list-style-type: none">◦ index readers clashing.• Issues have been elevated over the last few months.
	Load Testing		<ul style="list-style-type: none"><input type="checkbox"/> Set up load testing against Terms Browser and lexevs on Dev tier<ul style="list-style-type: none"><input type="checkbox"/> Install load testing/monitor on Dev<input type="checkbox"/> Replicate query test package against EvS Explore/EVS Rest as a compare
	System migration		<ul style="list-style-type: none">• Prod to begin next week - will be full server<ul style="list-style-type: none">◦ Have begun configuring the back end◦ Meet with Eric to discuss the server capacity issues above?• DataQA after Prod<ul style="list-style-type: none">◦ database on machine - migrate first?◦ Test performance of old loaders vs new database.◦ Other apps follow DB - determine if needs to be co-located◦ Does script need to be updated?

	SumoLogic to DataDog		<input type="checkbox"/> Queries being migrated by Systems <input type="checkbox"/> currently pulling from SumoLogic connector, working on installing DataDog connector <input type="checkbox"/> Dialogs being built from scratch
	github/ncievs		<ul style="list-style-type: none"> Any migration issues or impact? Lyubov concerned about management. Requested guidelines of use. Need to make sure Mark and Jason have admin privileges <ul style="list-style-type: none"> Need to have WebEx with Lyubov and set up admin team and add members No privileges to NCIP so may not be able to merge back in there anymore
	non-versioned inferred NCIt		<p>Gilberto asked us to publish a non-versioned copy of the inferred NCIt. Any issues?</p> <p>Chao back next week so can discuss it then</p>

Action items
