

Copy of Filtering Accrual Search Results - Include v4.4 - ALT 2/13/2024 v2.0

To filter the search results, in the **Search** field, type one or more characters contained in any of the fields. The list is filtered as you type subsequent characters.

For example, in the figure below, the results list has been filtered to display only diseases that contain "L9" in the Disease Code.

Search Diseases 5
