

# Init1pm14 - Transformation Services

## Pre Interview:

Item	Information/Response
Date:	12/17/2009
Requirement # unique id <SemCon Ops Initiative>.<analysts initials><requirement number> e.g. Init1dbw1 (eventually linked to Use Cases)	Init1pm14
Originator/Customer's Name:	<a href="#">Denise Warzel - forum post</a> <a href="#">Christo Andonyadis</a>
Originator/Customer's Company:	NCI
Summary of requirement pre-interview, by Reviewer:	It would be useful to have a standardized interface for translating the data value of one CDE into the format of another CDE. This functionality would be used by Software Engineers when integrating systems.
Recommended Next Step Enter one: Follow-up interview, Observe, Use Case Template (text), Use Case Model (formalized/UML diagram), Group Discussion, Prototype, Waiting Room	Followup interview
