LexEVS 6.1 Proposal - Authoring - A.1

Part of document: LexEVS 6.1 Proposed Scope Items

Enhancement

Extensions should be allowed within a concept- Ex: Add new property

- Assumption: Add on extra properties to existing concepts. This is different than adding to coding scheme supplement. Assumes you will not be adding to a coding scheme.

Tasks to Complete

- Design & implement a concept extension API
- Re-design how Lucene searches
- Make new queries to resolve properties from the database
- Database changes
- Create a loader and possibly an exporter

Estimated Effort

High level estimate: 12 weeks/2 FTE
