

Ethan Cerami to Speak on cBIO Genomics Portal, May 23rd

SYNOPSIS: The [cBio Cancer Genomics Portal](#) is an open-access resource for interactive exploration of multidimensional cancer genomics data sets. The portal currently provides integrated access to cancer genomic data on more than 5000 tumor samples from 20 cancer studies. This presentation will provide an introduction to the portal and describe how to mine data generated by The Cancer Genome Atlas (TCGA) project. This is a virtual presentation. [Session details ...](#)

BIO: Ethan Cerami is the Director of Cancer Informatics Development at the Computational Biology Center at Memorial Sloan-Kettering Cancer Center.

SUMMARY:

Topic: cBio Cancer Genomics Portal

Speaker: Ethan Cerami

Date: Wednesday, May 23, 2012

Time: 11 AM – 12 PM

Presentation: The presentation will be available for viewing after the event on our [Speaker Series Videos page](#) and on [YouTube](#)

About the NCI CBIIT Speaker Series

The National Cancer Institute (NCI) Center for Biomedical Informatics and Information Technology (CBIIT) Speaker Series is a bi-weekly knowledge-sharing forum featuring both internal and external speakers on topics of interest to the biomedical informatics and research communities. For additional information, including past speaker series presentations, visit the [CBIIT Speaker Series page](#).
