

# caArray 022 - Changing the ownership of the experiment in caArray

## Question: Can I change the ownership of the experiment in caArray?

**Topic:** caArray Usage

**Release:** caArray 2.2.1 and up

**Date entered:** 06/04/2009

### Details about the Question

I have created a new experiment for the investigator. Now I need to transfer the ownership of the experiment to my investigator. Can I do that?

### Answer

Yes. Changing ownership is a new feature implemented in caArray Version 2.2.1 (Released May, 2009). The ownership transfer can only be performed by a caArray user with system administrator privileges.

Upon login as system administrator, a link called "Manage Ownership" will appear under "User management" in the left menu. To Change the ownership, please follow steps below:

1. System administrator (SA) clicks "**Manage Ownership**".
2. After providing First Name or Last Name, SA clicks "Filter". A list of users who meet the filtering criteria is returned.
3. SA selects the Username of the user who currently owns the experiment, and clicks "Find Assets" to find the experiments associated with this user.

#### Finding the owner and the owner's assets

<input type="radio"/>	caarrayuser	User_caArray	

Find Assets ... 2

4. SA selects the experiment that needs a new owner.

- SA clicks on "Find New Owner".
- Select experiment and finding the new owner

**Assets owned by Fan Lin**

Select the assets to re-assign, then press the "Find New Owner..." button below to select the new owner.

**Experiments**

<input type="checkbox"/>	Experiment ID	Experiment Title	Assay Type
<input type="checkbox"/>	lin-00010	Transcriptional profiling of a...	Gene Expression
<input type="checkbox"/>	lin-00011	tl_test02	Gene Expression
<input type="checkbox"/>	lin-00014	Example Multi SDRF Files	Gene Expression
<input type="checkbox"/>	lin-00015	manual enter annotation data	Gene Expression
<input type="checkbox"/>	lin-00018	Extra file test	Gene Expression
<input type="checkbox"/>	lin-00020	test1	Gene Expression
<input type="checkbox"/>	lin-00025	test	Gene Expression
<input type="checkbox"/>	lin-00026	SNP test	SNP
<input checked="" type="checkbox"/>	lin-00031	Epidemioid Carcinoma	Gene Expression

**Collaboration Groups**

2 items found, displaying all items.

<input type="checkbox"/>	Collaboration Group Name	Group Members
<input type="checkbox"/>	caarraytest	caArray User, caArray Tester
<input type="checkbox"/>	Reviewer	reviewer read-only

Find New Owner... 2

- SA selects the New Owner
  - SA clicks "Assign"
- The owner of this experiment is now changed to the new owner as shown in the image.
